Signage	Andrew has received a costing for the 4 signs. It was for £2,035 for steel sign with etched writing to the same standard as road signs. Andrew will ask for a comparison quote in heavy duty plastic. He will also ask for work ups of the real thing and possible illustrations. Debra felt particularly for the information board we would have more scope for creativity.
Funding	Andrew has looked at the harbour rules and the insurance documents and has concluded that there may be some saving to be made on the insurance. At the moment we only have public liability and may be able to save the brokers fee of £100.
Regulation of Boatie Shore	Andrew has looked at the harbour bylaws, which allow the trustees to introduce regulations as to the storage of boats within the harbour area. Consideration was given to the following points:
	1. Usage rights of the slips and boats thereon.
	2. Period of abandonment
	3. Reallocation of slips
	4. Administration procedures
	The Harbour group will draw up draft regulations prior to consultation in respect of these with the Community Council.
Boatie Shore	Work on the erosion at the tidemark of the boatie shore has been contracted to Raymond Moir who has given an assurance that the work will be done within 8 weeks for a costing of £10,000.
Sheds	Requests for the erection of sheds on the boatie shore under consideration. Ewan suggested that a concrete base of a standard size that individuals could erect a small shed of uniform size and shape that could be rented out.
Fund Raising	Currently Trish is organising the Fun Run on the 3 July and a Silent Auction for some time after the Gala.
AOCB	A speaker from the Crown Estates has offered to give a talk on EU grants for estates. Andy will organise this and the members of the Community Council will be invited.
